Comments: Very good trial. Some sections were that bit too tough section 9 and 6 but otherwise spot on. Thanks Gravesend.

Comments: Too hard, team trial in Jan was wetter but had lower scores; clerk of course was going round but did not change sections. Would it be better to start at 10.a.m and have a half hour break when c of c could change sections?

Comments: Held at a really nice piece of ground and it was well organised e.g. clear where to park, all sections observed and everyone nice and cheerful as usual!!

Comments: An EXCELLENT trial. Personally found some of the sections a bit hard, but there was absolutely NOTHING dangerous at all, which more than makes up for a few toughie sections. It was a shame about the queues, but in hindsight perhaps there could have been another couple of sections thrown in, but then that is ok, if you have a full quota of willing observers.
Well done Bryn, crew and observers, I am glad I made the right choice to try another NKTC trial again. Many thanks Gravesend for all you efforts.

Comments: This was my first attempt at combine trial and overall I thought the novice route was ok. The only section which I personally did not like was section 10 (the long steep climb) which even though I didn't like the look of I attempted resulting in me dropping the bike and shearing the front brake hose off, therefore ending my day after only 1 lap.
The only other slight gripe was my start time which was well after 11:30. But I suppose there is nothing that can be done about this?
