Comments: Really enjoyed the day, thanks to those who laid out and cleared up, observed and to the land owners. First time that I have ridden the blue route moving up from red, everything was achievable, looking forward to the next one.

Comments: A good trial overall, concerned about running riders very close to barbed wire on one section. the balance was just right for the novice route.

Comments: I won't be complaining as I won my class! Very good all round, We know what this venue can be like; mudwise (is there such a word?). I see it was still teaching people to raise/remove their front mudguards!.
