Comments: Good trial in general. Some of the sections seem to be more about riding in mud, than testing skill of riding a section, which isn't my favourite kind of section. I also thought that a few of them were slightly too long, but there was no queuing, which is really good. I had a terrible day, but can't blame anyone for that!

Comments: I had a very enjoyable day. A very good trial with some well laid out sections that did not involve any flicking!!! Even though we were a long time going round, the rain halfway through the second lap, gave us more grip.

Comments: Excellent trial, well done to Brian. Thank you for all his hard work. High scores but this didn't matter because everyone was in the same boat with the weather.

Well done Owls!
